The Joint Programming Initiative on Cultural Heritage and Global Change: a new challenge for Europe

Web site

<http://www.jpi-culturalheritage.eu/>

Vision document

http://www.jpi-culturalheritage.eu/wp-content/uploads/Vision-Document_17-June-20101.pdf

Protection of cultural heritage in the face of global change is thus becoming a major concern for decision-makers, stakeholders and citizens in Europe. Research into strategies, methodologies and tools is needed to safeguard cultural heritage against continuous decay. Before irreversible damage is done, concerted actions, based on sound science, are needed to protect, strengthen and adapt Europe's unique cultural patrimony.

A concerted research action is needed to allow Member States to maximise and exploit at best their research efforts. Joint Programming provides a framework within which Member States address jointly areas where public research programmes can respond to major societal challenges.

JHEP Coordination action in support of the implementation of a Joint Programming Initiative (JPI) on Cultural Heritage and Global Change : a new challenge for Europe "

JHEP intends to structure and support this JPI to implement the action programme for the area of research on cultural heritage in a changing world.

The main objectives of JHEP are therefore:

- Providing necessary administrative and logistical support to the meetings of the Governing Board, Executive Board, Scientific Committee and Advisory Board required for the development and implementation of the SRA and Action Programme;
- definition of strategic and scientific priorities to develop the scientific research agenda;
- implementation of joint and coordinated research activities;
- extension of the partnership, cooperation at global levels and with international and NG organizations;
- evaluation and monitoring of the joint activities;
- engagement of stakeholders through a communication plan to ensure the translation of research outputs into practice and policy.

Governing Board members

The Governing Board shall be responsible for the strategic orientation of this Joint Programming Initiative. It shall have overall responsibility for the operations and shall oversee the implementation of its activities.

The Governing Board shall in particular:

- Modify and approve the draft Vision Document – the Vision Document is the basis for the Strategic Research Agenda (SRA)
- Modify and approve the draft SRA, after consultation with AB (Advisory Board)
- Building up an “à la carte” program in which several countries in variable geometry could participate voluntarily and on the basis of their political and financial commitment
- Report at the political level to participating states and inform at the European level the European Commission, GPC, CREST (ERAC) and other EU political bodies on the implementation of the JPI
- Assess applications of new members and decide or recommend changes in membership
- Approve the initiatives to amend the Governing structure of the JPI
- Adopt its rules of procedure
- Meets normally once per year

Executive Board members

The Executive Board shall be responsible for the JPI management and for the implementation of the decision approved by the GB. It is composed by one technical representative from each Member State and Associated Country and it is chaired by the Coordinator

The Executive Board shall in particular:

- draw up the Draft Vision Document and submit it to the GB for approval
- draw up the Draft SRA, with the support of the Scientific Committee (SC), and submits it to the GB for approval
- draw up, with the support of the Scientific Committee (SC), and approve the Action Programme (APr). The EB will consult the AB and will present the APr to GB
- be responsible for implementing the SRA and the Action Programme
- be responsible for monitoring the Action Programme
- ensure proper implementation of the GB decisions and monitor the follow-up
- meet at least twice per year

Scientific Committee

The Scientific Committee shall include 12 experts from countries involved in this JPI and abroad, selected by peer-review.

Each Member State and Associated Country should provide a maximum of 6 candidates from its own country and 6 from abroad: 4 experts on tangible cultural heritage research, 4 experts on intangible cultural heritage research and 4 experts on basic scientific research.

The GB will select the 12 components of the SC among the candidates proposed by the Member States and Associated Countries, taking into account the scientific excellence of the candidates and the number of “nominations” received by each of them.

In order to ensure a certain degree of continuity, initially, 6 members shall be nominated for a period of 4 years and another 6 members for a period of 2 years. Afterwards any new SC member shall be nominated for a period of 2 years.

The Scientific Committee will support the EB in its activities giving scientific advices.

The mebers of Scientific Committee are:

Lukasz Bratasz

The National Museum in Krakow

Institute of Catalysis and Surface Chemistry, Polish Academy of Science

Peter Brimblecombe

School of Environmental Sciences University of East Anglia

Rosa Caffo

Istituto Centrale per il Catalogo Unico delle biblioteche italiane e per le informazioni bibliografiche (ICCU)

Felipe Criado Boado
